PROFESSIONAL SUMMARY

I am a graduate of MMHAPU in Patna, with a completion date of 2026, and have some basic hands-on experience in web development. I am currently learning and working on Python, Django, SQL, HTML5, CSS3, and JavaScript through the creation of various projects. I have developed a College Management System using Django and a personal portfolio website, and I use Git and GitHub to keep my code. I am motivated to learn quickly and to improve through practice, and I am looking for an entry-level Web Developer or Software Engineering Intern position where I can learn from experienced developers and take part in actual projects.

PROJECTS

College Management System [GitHub]

Django, Python, SQL, HTML, CSS, JavaScript

• Developed a web-based system for managing students, teachers, and courses using Django models, views, and templates.

We set up individual login pages and dashboards for each of the admin, teacher, and student roles.

• Carried out the implementation of attendance, fees, results, notices, etc. and designed the SQL database so as to allow records to be added, updated and searched.

• Created simple and responsive pages using HTML, CSS, and JavaScript.

Personal Portfolio Website [GitHub]

HTML, CSS, JavaScript

• Created and constructed a personal portfolio using a GitHub-type layout, with the different sections appearing as you scroll.

• We added project cards, a skills section, a contact form, the option for light or dark mode, and a button for downloading the resume.

Wrote the HTML, CSS, and JavaScript as separate files and uploaded the code to GitHub.

TECHNICAL SKILLS

Languages	**Python, SQL, HTML5, CSS3, JavaScript**
Frameworks	**Django**
Databases	**MySQL**
Tools	**Git, GitHub, VS Code**

EDUCATION

Bachelor of Computer Applications (BCA) 2023 – 2026

Maulana Mazharul Haque Arabic and Persian University (MMHAPU), Patna

Diploma in CABA-MDTP 2023 – 2024 | 74%

AL-Ameen Institute of Information Technology, Delhi
